ongoing strategic family school partnering fsp is an essential component of every educational community fsp is a multi dimensional process in which schools families and communities engage in shared actions to ensure a child s academic social and emotional success with this text the authors intend to offer a practical guide that demonstrates how this partnering can be strategically implemented in all levels of schooling the main focus of the text is how to plan implement and evaluate fsp within existing school structures and resources the authors begin with an overview of the foundational and organizational information necessary for successful fsp including a review of ecological systems theory fsp theories and strategies are presented at a universal targeted and intensive level giving the school mental health professional insight into working with students and families who have differing needs a school based case example illustrates fsp in action and provides a practical roadmap for implementation each chapter contains easily adaptable tools and a list of useful web links to resources which can be used in conjunction with the strategies presented and discussed by the authors an accompanying cd will also contain all the handouts forms and other such resources presented throughout the text

the business student s handbook integrates study skills interpersonal skills and work skills to help students gain better marks in their study and to transfer those skills into assets in the workplace it covers the key issues for today s students such as critical thinking analysis reflective practice logic and plagiarism to ensure they re fully equipped prepared for success

this book examines from a sociological perspective teacher student power relations in classroom learning and teaching the case study consists of four hong kong primary schools and sixteen classrooms therein that were selected as research sites to explore the concept of teacher student power relations observations individual interviews and document analysis were the main data collection methods employed wong provides the historical context for the issue of teacher student power relationship by reviewing the traditional chinese cultures and values in particular the values of respect for authority and for teachers and demonstrates the intermingling of chinese and western cultures in contemporary hong kong chinese society she reviews the major educational initiatives carried out in hong kong since the 1970s showing how western educational policies promoting student centric teaching modes have encouraged changes in classroom culture with reference to the observed seventy three lessons the study identified three patterns of teacher student power relations teacher domination relatively balanced opportunity for power sharing and student self empowerment each involving different degrees of power being exercised by teacher and students the coexistence of these three power patterns and the two corresponding power situations student empowerment and disempowerment can be explained as the result of multileveled intertwined interactions among six factors related to social culture education policy school and classroom contexts and to the individual players concerned the book thus contributes to the understanding of teacher student power relations in the context of hong kong by proposing a theoretical framework that reflects local socio cultural educational and school contexts
